Name: \_\_\_\_\_ Number: \_\_\_\_\_

Name: \_\_\_\_\_ Number: \_\_\_\_\_

Name: \_\_\_\_\_ Number: \_\_\_\_\_

**4. ATTACHMENT**

- Sketch as on the reverse side or attached plot plan and building plans

**5. REASON FOR REQUEST OF VARIANCE**

Unnecessary Hardship (check area variance or use variance)

- For an area variance, unnecessary hardship exists when, ordinance standards that are strictly applied would unreasonably prevent a permitted use of a property, or render conformity with such standards unnecessarily burdensome. Circumstances of an applicant, such as a growing family or desire for a larger garage are not legitimate factors in deciding variances. A personal inconvenience is not sufficient to meet the unnecessary hardship standard. (*Snyder v. Waukesha County Zoning Bd. Of Adjustment*, 1976).
- For a use variance, unnecessary hardship exists only if there is no reasonable use of the property without a variance.

The literal enforcement of the ordinance standard(s) will result in an unnecessary hardship because:

---

---

The hardship must be due to unique property limitations such as steep slopes or wetlands that prevent compliance with the ordinance, and that are not shared by nearby properties. Further, the entire property must be considered, if a code-compliant location(s) exists, a hardship due to unique property limitations does not exist.

The hardship is due to unique conditions of the property because...

---

---

A variance may not be granted which results in harm to the public interests. The public interests promote and protect the public health, morals, safety, and general welfare of the village. It is intended to encourage the use of lands and natural resources in accordance with their character and adaptability; to promote orderly development; to secure safety to health, life, and property; to prevent highways from economic suffocation by encroaching uses; to preserve land values and ensure a quality environment for future generations. This article is intended to accomplish this purpose by providing for the proper locations, construction, and use of buildings, structures, and the use of land, shorelands, air, and water within the Village of Lomira.

The variance will not harm the public interests because \_\_\_\_\_
